ASSOCIATION OF POSTAL CLERKS WILL MEET IN OCALA

The third annual state convention of
the United National Association of
Postoffice Clerks will meet in Ocala
May 29th and 30th, as guests of the
Ocala Branch No. 758.
The convention of 1910 was held in
Jacksonville and that of 1911 was
held in Tampa. Both conventions were
largely attended and the delegates
and visitors were entertained in a
splendid manner by the host branch.
The Ocala Branch of this association
is making preparations to have a
pleasant and profitable meeting, and
to entertain the delegates and visitors
in a manner worthy of Ocala's name
for hospitality.

One feature of the entertainment
will be a trip down Silver Springs run
and the Oklawaha river on the "City
of Ocala" in the afternoon of the 29th.
The return trip to be made by moon-
light. Refreshments will be served on
board the boat.
While this association is not fre-
quently mentioned in the press, it
embraces in its membership a large
majority of the postoffice clerks of the
United States, and has a mutual ben-
efit branch which insures its members
at moderate rates.

Every postoffice of any size will be
represented at the convention. The
citizens of Ocala as well as the local
Branch of the U. N. A. of P. O. C. as-
sures every delegate a pleasant and
interesting time.

West, district deputy grand exalted
ruler, B. P. O. E., for the southern
district of Florida and one of the
state's most prominent men, will be in
the city Thursday, April 18th, for the
purpose of paying Ocala Lodge No. 286

Company to Messrs. Thomas Jamieson
and James Thomson. These two in-
dustrious young men and skilled ma-
sons are competent to carry on the
good work that the company is famous
for. They have a large quantity of
work contracted for and in slight
with the immense amount of new side-
walks needed and the steady growth
of the city, their services are likely
to be in active demand for an in-
definite period. Messrs. Jamieson
and Thomson have been residents of Ocala
for some years and have made them-
selves an enviable name for good work
and faithful performance of contracts.

Mr. C. E. Connor tells of a funny in-
cident he witnessed on the southbound
Coast Line train yesterday. Mr. Con-
nor, carrying a basket, in which were
several young guinea pigs, boarded
the train on his way to Eastlake. In the
seat opposite to him was a lady who
had with her a hen in a sack and a
parrot in a cage. The train stopped
longer than usual, and after waiting a
while one of the guinea pigs became rest-
less and struck up its peculiar note.
This frightened the hen, and she be-
gan to cackle. And on hearing the
noise, the parrot, which must have
been brought up by a sailor, yelled:
"Shut up, dam you."

every encouragement and its future
put on a business basis of support that
will leave no doubt as to its existence.
With the prospect of the largest crop
of oranges the state has ever known,
there is imperative need of the Flori-
